

villa 1 - type A

This four bedroom home is efficient with space and includes rooms for guests, maid/driver plus a two-car carport, all efficiently linked by central galleries at both the ground and first floors. The enclosed kitchen has direct and private access to the maid's room, laundry room and carport. A kitchen counter pass-through allows for easy service to the dining area. Ground floor living spaces have direct access to rear and side courtyards while open and covered terraces are available on the first floor with direct accessibility from the master bedroom and the family room.
