UPTOWN CAIRO

HEART OF CAIRO

CAIRO FROM THE TOP

Uptown Cairo, the first and only integrated development in the heart of Cairo, offers a unique lifestyle away from the hustle and bustle of the city. Enter a world of beauty, relaxation and luxury through Emaar drive. With direct access to The 6th of October Bridge, Cairo Airport & minutes away from Maadi, Heliopolis & New Cairo, Uptown Cairo is perched 200 meters above sea-level with breathtaking views of the majestic city of Cairo.

WELCOME TO CELESTA HILLS A HAVEN ABOVE THE CITY

From the moment you enter through the gates of Celesta Hills, your eyes are mesmerized with the golf on both sides. The views of the gold and shimmering sun setting in the horizon with the city of Cairo as a backdrop. Celesta Hills leaves nothing to be desired.

An aerial architectural rendering of the Celesta Hills master plan. The image shows a large, winding residential development with numerous houses featuring terracotta roofs and light-colored walls. The houses are interspersed with lush green lawns, palm trees, and other tropical vegetation. A prominent, winding road or canal cuts through the center of the development. To the right, a large, irregularly shaped green area, possibly a golf course or park, is visible. In the bottom left corner, there is a large, modern building with a flat roof and a central tower-like structure. The overall scene is set against a backdrop of rolling hills and a clear sky.

METCIUOLSLY MASTER PLANNED

Celesta Hills occupies a central location in the heart of Uptown Cairo. Elevated and surrounded by Uptown's signature golf-course, these ultra-elegant homes benefit from 360° of inspirational views amid the community's natural cascading topography.
